

06 | Main entrance

- The Main Entrance at the front of the new building is clearly visible from Deanstones Lane. It opens out onto a double height entrance and reception, with a waiting area, accessible WC, and a private meeting room adjacent.
- Level access to the building from the car park is provided via a recessed entrance canopy.
- The Main office is adjacent to the reception for passive supervision.

07 | Main hall

- The Main hall forms the communal heart of the school, with three large windows along the main facade facing Deanstones Lane to create a civic frontage.
- The hall will be used for both exams and dining, as well as internal and community productions and presentations.
- Retractable bleacher seating provides seating for 240 students to the south, with a stage area to the north adjacent to the dining hall.

08 | Dining hall

- The dining hall faces north, opening directly out onto the newly created tiered amphitheatre to allow in maximum natural daylight.
- A dedicated student entrance opens into this space, allowing a single point of entry for students during the school operational day.
- The kitchen and hot food servery is located to the west side of the hall, with one 'grab-and-go' servery to the north and a second adjacent to the connection to the main hall.
